200-hour Teacher Training Program

“Yoga is not to be performed, yoga is to be lived.” Aadil Palkhivala
“Only when the essence of all truths unites, will a greater truth be born.” Savitri

Welcome to Purna Yoga “Purna” means “complete” and Purna Yoga distills and integrates the vastness of yoga into an invaluable set of tools for transformation and healing. Reminding us that yoga is far more than a system of exercise, Purna Yoga offers wisdom and techniques for the union of the body and the mind with the spirit. Using awareness, precision, and concentration, Purna Yoga inspires the evolution from our lower nature to our Divine Self. Purna Yoga is the art of loving yourself by living from the heart. Purna Yoga practitioners learn alignment-based asana, pranayama, and Heartfull Meditation (the art of aligning inner energies for transformation), along with nutrition and yogic philosophy, adapted for our lifestyles today. Like a tuning fork, Purna Yoga aligns our entire being with the vibration of truth and the Divine essence within us and all around us.

The lineage of Purna Yoga is based on the teachings of Sri Aurobindo and The Mother, the Vedas, Patanjali, B.K.S. Iyengar, and the systems of Ayurvedic, Chinese and Western nutrition, synthesized by the personal experience of Aadil Palkhivala and Savitri, the founders of Purna Yoga. With its roots in the past and its reach into the future, Purna Yoga is here to help create the world which we have all dreamed of.

It is undeniable that, in order for you to be an inspiring teacher, you must first be an inspired practitioner. Therefore, the classes at the College of Purna Yoga first instill within you a deep love for your own personal practice. Only then can you share your love of yoga with your students. As a practitioner, you will learn to integrate Purna Yoga deeply into your own body and life. As a yoga teacher, you will learn to teach from this inner experience.

Our courses are taught by select Senior Certified Purna Yoga Instructors, valued for their dedication and deep commitment to supporting their students’ growth. Come learn to live and teach the whole of yoga. Discover the difference between yoga from the mind and the Purna Yoga approach to practicing and teaching yoga from the heart. We trust you will soon discover that there truly is no other teacher training college like the College of Purna Yoga.

What previous students say:

Nicola is one of the most respectable true yoga teachers. Even with a long experience of teaching other types of Yoga she is very loyal to Purna Yoga and its teaching methods, so that the lineage succeeds new teachers. I have learned a lot from her. I am grateful that she is always close to us, so easy to ask any questions. Her kindness to the students, passion toward Yoga and teaching, and also her beautiful mind are just adorable. It is a very rich experience to have such a person guiding us teachers-to-be.

Yuki Ishiyama, 200-hour Purna Yoga Graduate 2023

My experience at Purna Yoga teacher training was something very special. I learned new approaches to Yoga – a holistic way of living Yoga. I discovered step by step my inner “real self” which has been inside but was not ready to come out before – my inner strength and braveness. Maybe going hand in hand, my way of perception of situations and reaction to people are changing. And I am thankful for our wonderful group – such a good vibration and caring energy within, with the best “guide” Nicola.
I found family here!

Nina Stenitzer, 200-hour Purna Yoga Graduate 2023

“I acquired an extremely solid foundation to start my path as a yoga teacher and this gave me confidence and the exact kind of knowledge I felt I needed to start teaching yoga. I learned the purpose of the asanas, and the construction of them from the inside out.

I had practiced yoga before but now I feel like my asana practice is a transcendental experience because I get to dive deep inside of it, guide my own body from the joints to the muscles to opening and strength, so it becomes like a meditation, an experience of full awareness and vitality. I also learned how to get in contact with my heart. This was a very vague concept for me, and now I have tools to access a universe inside of me.

I learned how to be a “professional” in the yoga world, how to teach in a way that is aligned with my values, and thus how to be a better human being. I learned tools to set my life in such a way that my life can flow more easily and create space for the deeper gifts I have to give to the world and in this life. These tools enable me to struggle less, to nourish my body daily instead of hinder it, so I have space, time and energy to love, to be present, and to live a deeper purpose in my life.”

At the 200-hour Level you gain the knowledge, confidence and awareness that is essential for becoming an alignment-based yoga teacher. The course covers the foundational curriculum of Purna Yoga—alignment-based asana and pranayama, meditation, nutrition and applied yogic philosophy. You will emerge with the ability to teach a variety of classes; the confidence, caring and compassion that keeps your students safe and growing; and the inspiration that makes yoga a powerful tool for transformation. Be prepared to fall in love with your own personal yoga and meditation practice as well, since Purna Yoga awakens the joy of living from the heart.

As you learn the foundational curriculum, you will also explore:

- Anatomy and physiology of asana and pranayama
- How to see and understand bodies, and give hands-on adjustments
- The benefits and contraindications of asana, and the use of props
 - How to deal with students' injuries and health conditions
- The energetics of centering your mind and awakening your intuition
- Delivery, presentation and class control, especially in teaching beginners
- How nutrition and a yogic lifestyle affect your students, your teaching, and life
- Ethics, business, and the professional and energetic boundaries of teaching
- How to apply timeless yogic philosophy to your classes and your daily life

Frequently Asked Questions

What certificate will I receive?

With your successful completion of the program requirements (course hours and homework) you will earn the 200-Hour Course Completion Certificate from the Purna Yoga College.

The College of Purna Yoga is based on a mission, an authentic Yoga Style and Yoga College from a genuine Indian lineage bringing awareness as to what Yoga truly means in modern society.

What if I miss a class?

To receive your Course Completion Certificate, you must complete 100% of the classes and requirements. In addition, you must attend the first 5 modules of the course. However, we understand that you may not be able to foresee every conflict, so we have devised the following procedures if you must miss a class.

If you miss more than 30 minutes of a module (4 hour course), either by arriving late or leaving early, you will not receive credit for that module, and the entire module will have to be made-up. Any missed modules may be made up in the following ways:

- If you miss 1-3 modules (up to 12 hours) you may still complete the program by making up missed classes by taking private lessons with a teacher training instructor. One module (4 hours) = 1,5 hours of private instruction, at a cost of 115€ per 1,5 hour session. Private lesson make-ups must be completed within 30 days of the completion of your course.
- If you miss more than 3 modules, you may continue in the course, but you will not be eligible for a Course Completion Certificate. If you wish to receive a Course Completion Certificate, you will have to retake the course.

Due to the possibility of recording some classes these rules can be bend at request.

Who will be my instructor?

The 200-hour course will be taught by Nicola Moberg. The teachers of the 200-hour Level are Certified Purna Yoga Instructors with thousands of hours of training, practice, and apprenticing. They have been hand-selected by Purna Yoga founders Aadil Palkhivala and Savitri, and have studied under them personally for many years to achieve the level of being a College of Purna Yoga faculty member. The members of the college faculty have made very deep commitments to their own practice of Purna Yoga as well as to serving others and carrying on the Purna Yoga lineage by training teachers.
